OISAA LAUNCHES AN EMERGENCY COVID-19 WEBSITE FOR UPDATED INFORMATION ON INDONESIAN STUDENTS OVERSEAS

Osaka, 23 March 2020 - A COVID-19 emergency task force formed by OISAA has recently launched a new website covid19.ppi.id aimed to provide comprehensive information centered on Indonesian students living overseas amidst COVID-19 pandemic.

The new website includes a feature where users can report positive COVID-19 cases within their proximity. "We hope this platform can serve as an information center for up-to-date corona cases, especially those related to Indonesian students overseas, such as their current well-being, food supply, and schooling conditions," said Fadlan Muzakki, OISAA's coordinator.

In addition, the website will be used to provide press releases for accurate information to the news media. Currently, the task-force is working to compile a list of spokespersons from Indonesian Student Associations in 57 countries, which will be released on the website.

As of today (March 23, 2020), the task force announces 1 Indonesian student in Taiwan has been tested positive for COVID-19. Additional information will be released upon further enquiries from the Indonesian Student Association in Taiwan.

Donations can be done on the [website](https://covid19.ppi.id) or contact:
